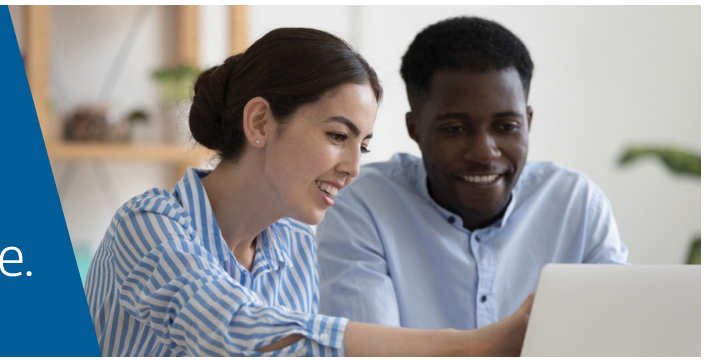
BCP Risk®

berkleycp.com

Introducing BCP Risk®
Smarter Risk Management. Stronger Business Performance.



BCP Risk® is a new risk management platform built specifically for construction firms and project owners. Available exclusively from Berkley Construction Professional, BCP Risk® helps you deliver meaningful value to your construction clients throughout the policy term and helps you strengthen your relationships year-round.

Designed to elevate how Berkley Construction Professional policyholders manage risk, BCP Risk® connects users with practical resources and guidance to help enhance their business practices, improve decision-making and support stronger business performance.

Risk Management Guidance for Every Stage of Growth

Construction Expertise Available On Demand

Help your clients leverage our expert risk management guidance through a dynamic learning management system (LMS) tailored to the unique needs of the construction industry.

BCP Risk® delivers actionable insights to help your clients:

- Strengthen operational discipline
- Reduce exposure to claims and disputes
- Build a more resilient, profitable business

Practical Construction Risk Management. Available When and Where Your Clients Need It.

BCP Risk® provides a powerful suite of resources designed to support your clients throughout every stage of their business:

- Risk and practice management tools to enable more informed decisions
- On-demand video library covering contracts, claims, and risk mitigation to help clients address complex construction risks with confidence
- A contract review checklist to help your clients identify potential issues before they become claims
- Articles, guides, videos, templates and other resources designed to accommodate different learning styles
- Dedicated concierge support for personalized assistance
- An AI-enabled virtual risk manager that delivers instant answers, relevant resources, and provides tailored guidance

Access Anywhere, Anytime

Risk management doesn't happen only in the office. BCP Risk® provides convenient access to construction resources wherever work takes place:

- Easy access via web or mobile app
- Downloadable videos for offline viewing
- Seamless, on-demand learning

BCP Risk® — Turn Risk Management into a Competitive Advantage.

About Berkley Construction Professional

Berkley Construction Professional provides professional liability, pollution liability, and protective professional indemnity insurance for contractors and construction project owners. Focused exclusively on the construction industry, we deliver customized insurance solutions for complex risks through deep industry expertise, experienced underwriting, and responsive service. Our brokers value our collaborative approach and specialized knowledge, while policyholders benefit from industry-specific risk management resources, dedicated in-house claims professionals, and the peace of mind that comes from working with a financially sound insurer dedicated to protecting their business, reputation, and long-term success.

Berkley Construction Professional, a division of Berkley Alliance Managers, is a member of W. R. Berkley Corporation, a Fortune 500 company that is part of the S&P 500. W. R. Berkley Corporation's insurance company subsidiaries are rated A+ (Superior) by AM Best. Learn more at berkleycp.com.

Products and services described above are provided through various surplus lines insurance company subsidiaries of W. R. Berkley Corporation and offered through licensed surplus lines brokers. Not all products and services may be available in all jurisdictions, and the coverage provided by any insurer is subject to the actual terms and conditions of the policies issued. Surplus lines insurance carriers do not generally participate in state guaranty funds and insureds are therefore not protected by such funds.
